Nose Mask

Nose Mask (3M & Venus): We are offering an excellent quality range of 3M and Venus make Disposable and Non-disposable Nose Masks for extensively demanded protection purpose. These masks are appreciated for their high filter efficiency and low breathing resistance. These are fabricated using superior grade material and are easy to wear.

A. Nose Mask (3M); These Masks are Lightweight, foldable and are designed to protect from pollutants and dust. These Safety Masks are made from a very soft material which allows air flow in such a manner that the user does not feel suffocation. These are incorporated with advance technology - the electrostatically charged microfiber filter media. It's adjustable nose clip help provide a custom fit with secure seal and reduces potential for eyewear fogging. The 2 strap design provides a secure fit.
